Full-Time Equivalents (FTE) Trends

There are a number of formulas to calculate FTE. The chart and table below indicate the "FTE-Internal" number (used for financial purposes) and that FTE as a percent of Headcount. The table below also reports the "FTE-External number" which is used for various external reporting purposes.

Whittier College Undergraduates

2022	1,131	1,097	34	2	15,956	246	2	1108.3	1117.7

Note *: Overload Headcount and credits are included as part of the totals in the FT columns.

Note **: FTE calculation does not include WCHL students; those students were billed separately.

Definitions:

FTE-Internal = (FT Headcount) + (Sum of PT credits ÷ 12) + (Sum of Overload Credits ÷ 12)

FTE-External = (FT Headcount) + (PT Headcount ÷ 3)

NOTE: The ratio of FTE students to FTE instructional staff. There are many different ways to compute this ratio; the IPEDS protocol is listed below.

Students enrolled in stand-alone graduate or professional programs and instructional staff teaching in these programs are **excluded** from both full-time and part-time counts.

Stand-alone graduate or professional programs are those programs such as medicine, law, veterinary, dentistry, social work, or public health, in which faculty teach virtually only graduate-level students (also referred to as independent programs).

Each FTE value is equal to the number of full-time students/staff plus 1/3 the number of part-time students/staff.

Graduation Rates by Categories

Graduation Rates are typically reported at the six-year mark (i.e. 150% of time-to-completion). As noted in chart and tables below, graduation rates vary by various sub-categories - e.g. our most recent 6-year rate for Hispanic/Latino students was 68%. The national rate was 64% at 4-year schools and 68% at nonprofit schools.

NSSE Engagement Indicators

2018 NSSE Results: Engagement Indicators

GOAL: To be in the top 10 percent of schools

On each line, the number refers to the Whittier College score.

Also, the **purple** line indicates the score of the top 50 percent and the **black** line the score of the top 10 percent.

First-Year Students

Service-Learning

About how many of your courses at this institution have included a community-based project (service-learning)?

Learning Community

Participate in a learning community or some other formal program where groups of students take two or more classes together.

Research with a Faculty Member

Work with a faculty member on a research project.

Plans to Participate^a

Knowing whether first-year students *plan* to participate in upper-division HIPs can reveal insights about HIP demand, awareness of opportunities, and the clarity of institutional information. These results might also point to topics for additional exploration, such as what contributes to students' expectations, their assumptions about who can participate, or why other students are undecided or have no plans to

Percentage responding "Plan to do"

Internship or Field Experience

Participate in an internship, co-op, field experience, student teaching, or clinical placement.

Study Abroad

Participate in a study abroad program.

Culminating Senior Experience

Complete a culminating senior experience (capstone course, senior project or thesis, comprehensive exam, portfolio, etc.).
